City Plagued by Many Grass Fires

Grass fires continue to plague the Hamlin Volunteer Fire Department as they were called out on Sunday and Monday afternoons for grass fires in East Hamlin.

The department announced last week that more volunteers were needed but there has been no response. The department usually maintains a force of 30 men. At this time there are only 22 firemen. Five members have retired during the past year.

A spokesman for the organization said they needed to have at least eight good volunteers to round out the force. They need to be residents of the city and be 21 years of age or older.

The department meets every Thursday evening for a training session. Anyone interested may contact Fire Chief C. L. White or any member of the department.

JIMMY INZER TAKES JAYCEE MINIATURE GOLF TOURNAMENT

There was plenty of suspense for both players and spectators Saturday night at the Hamlin Jaycee Miniature Golf Course as the final round of the club's first annual tournament was played off. Several of the matches were decided on the final 27th hole and one match went three extra holes.

The championship flight was even up going into the 27th hole as Jimmy Inzer took a putt to defeat the final hole to down Mark Smith who took a three on the hole.

In the first flight Bob Craig defeated Larry McCoy 8-7 as the two halved the final hole.

In the second flight Guy Weaver took Bill Early out on the third extra hole. Early led by three going into the last three holes only to see Weaver take all three holes to tie the match up. The two halved the first two extra holes and then Weaver took the water hazard hole in one sock to take Early out of the match.

Bill Johnson defeated Carolyn Franklin to win the third flight first place trophy.

The two day tourney drew 32 entries and was played off in four eight-man flights with trophies going to the first, second and consolation winners.

MOTORISTS WARNED TO DRIVE WITH CARE OVER HOLIDAYS

AUSTIN—The Texas Safety Association today issued a special Labor Day safety bulletin urging Texas drivers to display "caution" and "courtesy" in their driving during the long holiday weekend.

"Caution and courtesy can go a long way in cutting down traffic accidents and fatalities during the Labor Day weekend," J. O. Musick, TSA General Manager, said.

The safety director said drivers should put all their driving skills to work for them to stay out of trouble in traffic and should be prepared for the unexpected action of other drivers. He also urged drivers to start out with a proper driving attitude.

"Your attitude about your

own driving and that of other drivers has a profound effect on the possibilities of your being involved in an accident. Treat other drivers the way you want to be treated—with courtesy," he added.

Musick reminded drivers they have a moral as well as a legal responsibility when driving.

"No one really wants to be killed or be responsible for killing another person in traffic. But, for some reason, many drivers seem to think they have a built-in personal immunity to a fatal accident. It just isn't so—and it CAN happen to YOU."

The TSA is cooperating with the Texas Department of Public Safety, the Texas Highway

Department and other groups in promoting traffic accident prevention during the Labor day holiday period.

In addition to traffic safety activities, the Association is promoting accident prevention programs for holiday safety at home and public places.

"Non-transport accidents at home and in public places also take their toll during holidays," Musick noted.

He said an unusual number of drownings this summer has given cause for special concern in the area of water safety.

"If you are going to a lake, river or some body of water, make sure you know the hazards of that particular place before you go in swimming or take your boat out. Be sure

you have approved life-preservers for every passenger in your boat and that everyone knows and observes safety rules," he said.

Musick said homeowners should use caution in starting fires for cook-outs. Make sure all fire prevention precautions are taken.

"And don't forget about the small children and elderly persons," he continued. Special attention should be given to removing environmental hazards that might cause falls. These two groups are frequently the victims of accidental falls.

"No matter how you celebrate the holiday or where you are—on the road, at home or at play—put safety first," he concluded. "It's not worth the chance you take if you don't."

SURE HANDS OF THE SURGEON

A child walks... an arm is straightened... a growth is removed... these and many other things are the result of the fine work of the surgeon. This is an occupation and a labor worthy of appreciation.

A star... a new born baby... the world itself... these and many other things reveal God to us. "The heavens declare the glory of God; and the firmament sheweth his handywork."

Psalms 19, 1

God has wrought
a great work. Let
us show our love
and appreciation
by worshipping
him in Church
each Sunday

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His command for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

By MRS. ELMER JOINER

Another hot, dry, week has passed, with cotton looking worse every day, in fact, some of it looks as if it is trying to crawl back into the ground to get out of this terrible heat every day. A good rain right now would do good but it is going to have to hurry or it will be too late. A good wheat and maize crop was made, so maybe we can stand the short cotton crop.

Not much has happened out this way this week, since last week was revival week and most folks were busy catching

up on their work again. In this heat, the best thing you can do is stay in the house where it is cool.

The Jones County Fair was held in Anson, Friday and Saturday of last week. This was the fifth one and is growing each year, if it were possible to have a cooler place for the women's exhibits, there would be more interest, but the building is so hot that people suffer just looking, they should spend 3 days inside it, but they have promised to try and relieve the situation some another year, so every body start planning on having something to exhibit.

Hamlin had two candidates for queen contest Friday night. Kay Johnson, daughter of Mr. and Mrs. Lewis Johnson and Linda Goodwin, daughter of Mr. and Mrs. Woodrow Goodwin. Kay was one of the runner-ups, of which we Hamlin people are proud, but of course we ladies of the Friendship H. D. Club thought our candidate should have placed too, but better luck next time to her. We think Linda should have had some thing for her spunk, since she had surgery just one week from the contest, in fact she was still "all sewed up" when she participated, but she made it fine.

At least the Friendship club won a blue ribbon on their booth called "Unlabeled Poisons Found in the Home and Garden," which consoled us some.

Bruce and Barry Johnson, Amarillo, are spending the week with their grandparents, Mr. and Mrs. Winslow Gray, while their parents are vacationing in Kansas City. Dorothy Gray, who is staying with them and attending beauty school, is also at home this week.

Mrs. Dave Herbst is having all of her houses out this way, repaired and painted.

Mr. Arthur Rutherford, Stamford, visited with Mr. and Mrs. Elmer Joiner, last Wednesday afternoon.

Mr. and Mrs. Robert Rhoton visited with the Winslow Grays Sunday afternoon.

We haven't heard from Mr. and Mrs. Henry, who are vacationing down Houston way, but we suppose they reached their destination safely. We know a lot of younger people that wouldn't dare try the Houston traffic, so we hope them good luck and a good time.

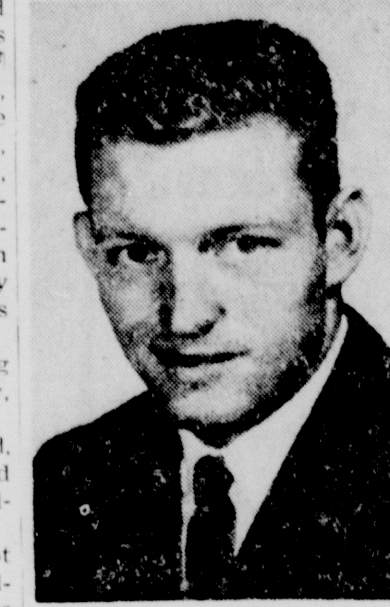

Mr. and Mrs. Joe Ford are to go this week to Truth or Consequences, New Mexico, to visit their youngest child, Mr. and Mrs. Doug Ford, and their new son.

Jeannie Joiner, Stamford, spent the week with her grand parents, Mr. and Mrs. Elmer Joiner, and attended the fair.

Last week this reporter was feeling down in the dumps, from hearing a sharp criticism of the Fairview News, when we received a card from some friends, who were former long time residents of Hamlin, saying how much they enjoyed reading about their friends and

fine fountain pen.

And the Parker 45 is just that. Solid 14K gold point
that comes in seven widths, extra-fine to broad.

The 45 is "convertible," too. Load it with a car-

from an ink bottle. (Great for students who are afraid
of running out of ink during a tough exam.)

HELEN DIERS AND SAM COX EXCHANGE VOWS SATURDAY

Helen Ruth Diers, daughter of Mr. and Mrs. E. H. Diers of Old Glory, and Samuel (Sam) McNeal Cox, son of Mr. and Mrs. B. L. Cox of Austin, were married in a double ring ceremony last Saturday evening at 6 o'clock in the Zion Lutheran Church with Rev. E. Pflug officiating.

Organ music was furnished by Christine Strobel and a duet was sung by Mrs. Herbert Vahlenkamp and Nancy Vahlenkamp.

Given in marriage by her father, the bride wore an original gown of white tulle with lace over satin. The fitted bodice was fastened up the back with tiny buttons. The sweetheart neckline was outlined with seed pearls. The sleeves were long and fitted. The back pleated skirt fell into a chapel train.

Her elbow-length circular veil of silk illusion fell from a seed pearl tiara. She carried a cascade arrangement of white carnations.

Darlene Bachmeyer of Taylor was maid of honor and bridesmaid was Joan Elaine Wienke of La Grange. Attendants were identical dresses of pink silk organza over tulle. The midriff dresses were street length with full skirts. They carried arrangements of white carnations. Head pieces were circular pieces of net on pink stand-up crowns.

Best man was Edgar Cox of Hale Center, brother of the groom. Groomsman Charles Diers of Old Glory also assisted his brother Stanley in ushering and lighting the candles.

The reception was held in the home of the bride's parents, Mr. and Mrs. E. H. Diers. Mrs. Carl Druessow greeted the guests at the door. Martha

Neumann and Catherine Erdman registered the guests. Serving cake and punch were Donnice Sawyers and Sharon Leverett.

The bride graduated from Old Glory High School and has attended college two years, one at Concordia in Austin and one at Southwest Texas State at San Marcos. The bridegroom is a graduate of Travis High School in Austin. He is employed by the city of Austin and the couple will reside there following a wedding trip to Fort Worth.

For a going away costume the bride wore a salmon pink butcher linen suit of original design. Her picture hat was of matching color. Shoes and bag were white patent and gloves were white. Her corsage was white carnations lifted from her bridal bouquet.

The rehearsal dinner was hosted Saturday at noon by the B. L. Coxes of Austin at the home of the bride's parents, Mr. and Mrs. E. H. Diers, at Old Glory.

Out of town guests attending the wedding were Mr. and Mrs. Wayne Whitehead of Lockney, Mr. and Mrs. M. Bachmeyer of Taylor, Mr. and Mrs. M. C. Wienke and family, David Brown of La Grange, Mr. and Mrs. Dalton Paschal and sons of Austin, Mr. and Mrs. R. I. VanTrump and children of Fort Worth, Mr. and Mrs. Edgar Diers and sons of Lubbock, Fritz Hartkopf of Austin and Florence Erdman of Amarillo.

Nine Members Attend Vaughan Circle Meeting

Nine members of the Vaughan Circle of the First Methodist Church W. S. C. S. met in the home of Mrs. Fred Carpenter Monday.

Circle chairman, Mrs. Jack Vaughan, presided over the business session. Mrs. V. V. Anderson opened the meeting with a prayer.

Mrs. M. L. Hudson was in charge of the program which was titled, "Lord Teach Us to Pray."

Refreshments were served.

Games were played. Refreshments were served to Vee Shipman, Billy Tuder, Faye Hart, Viola Ails, Jo Embrey, Carlee Pope, Thelma Smith and Norma McLellan.

Visitors in the home of Mr. and Mrs. Virgil Steele last week were Mr. and Mrs. Morris Glass and Lois Glass of Las Vegas, Nev., Tommie Sue Glass, Mrs. W. A. Glass of Fort Worth, Rev. and Mrs. Edwin Peoples, Mr. and Mrs. R. B. Hennington, all of McCauley and Mrs. Etta Bond

of Hamlin.

Darrell Craig returned home Thursday after spending a week with his grandparents, Mr. and Mrs. J. P. Fincher, of Albany.

Mrs. M. C. Overton III, Dana and Cathy of Garveston visited her parents, Mr. and Mrs. L. E. Rector of McCauley. They all visited with Dr. and Mrs. M. C. Overton Jr. in Pampa over the weekend.

The staff at the Hamlin Herald seemed to have really messed up the Hamlin Riding Club's story about family night last week. It seems that we owe an apology to Brenda Daiby for not giving her credit for winning the barrel race. We give the credit to a Mrs. Fred Dailey, a non-existent person, as far as we know. Also Miltz Hunter was the second place winner in the six and under stick horse race.

The first barbed wire was made in 1873 by Joseph F. Glidden of DeKalb, Illinois.

DPS WARNS SLOW DRIVERS ABOUT NEW STATE SPEED LAW

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said today the new speed law effective August 23 specifically makes it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver impeding traffic to speed up or get off the road before filing a charge.

"Under the new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic and thereby impeding that traffic, he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law official bodies having jurisdiction over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the

Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said.

"Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 MPH in daytime and 65 MPH at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver to operate his vehicle "reasonably and prudently" at all times, regardless of the posted limits, he said.

"We repeat that serious problems may develop with the new speed law unless the driving public accepts and applies them with a high degree of responsibility to themselves, their families and others."

FEDERAL CROP INSURANCE CARRYING HIGHEST PROTECTION

Federal Crop Insurance Carries Highest Protection in 25-year History:

With the 1963 crop year well under way, a record total of more than \$470 million of farm crop production investments is protected by Federal Crop Insurance, the U. S. Department of Agriculture announced today.

"Although the sales period for citrus in Florida and oranges and raisins in California has not yet ended, this \$470 million of protection is already the highest in the 25-year history of Federal Crop Insurance," reported Manager John N. Luft of the Federal Crop Insurance Corporation.

Acreage and number of crops protected by Federal Crop Insurance has risen sharply this year. Over 420,000 crops on 13 million acres are now insured against production cost losses from natural hazards, Mr. Luft said. This is 57,000 crops and nearly 3.5 million acres above 1962 crop year.

The \$470 million of protection represents a 30 per cent increase over the 1962 figure of \$358 million. This is the

second straight year of better than 30 per cent increase in farm production expense protection, a total of \$200 million increase in the two years since the Crop Insurance service changed from an experimental to an action program of the U. S. Department of Agriculture.

"As Crop Insurance expands by its legislative limit of 100 counties and three new crops a year," Mr. Luft said, "and as improved management, program training, and information practices begin to take effect, we expect to increase this basic protection to the billion dollars within the next five years."

Federal Crop Insurance, now protecting farmers in 1,096 counties in 38 States, will make its service available in 100 more counties for the 1964 crop year. Names of these counties and the crop programs offered are now being announced. In counties where winter wheat is grown, Crop Insurance salesmen are now taking applications, Mr. Luft stated.

Federal Crop Insurance is a voluntary, self-help service offering the farmer protection of his crop investment against loss from all natural hazards to most of the 20 crops on which the insurance is available. Some specialty crops — such as citrus, raisins, cherries and peaches — are insured only from particular causes such as freeze and wind damage. The service operates like any other insurance plan, with farmers paying yearly premiums based on local crop production and loss history and with payments for loss being paid from this premium fund. "This means," explained Mr. Luft, "that the premium payment of a Kansas wheat farmer who had a good crop went to help pay for the crop investment lost by a Florida citrus grower whose grove was damaged by freeze. In other years, the procedure may be reversed, with money from citrus premiums going to a drought-stricken area in Kansas."

'Savage Sam' Opens at Rogue

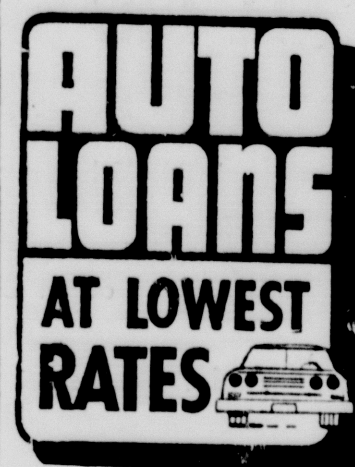

In "Savage Sam," the fast moving story of a blue tick hound dog and a crew of relentless Indian hunters, Walt

Disney has his best feature motion picture in the high-action field to date, excelling anything he has done before with the possible but unlikely exception of this story's predecessor, "Old Yeller."

Both pictures are based on best-selling novels by Fred Gipson.

"Savage Sam" boasts a top, hard-riding cast that includes Brian Keith, Tommy Kirk, Kevin Corcoran and Dewey Martin, plus a comely newcomer distaff side, 18-year-old Marta Kristen.

Filed almost entirely on location in California's San Fernando Valley, the tale is about six rugged Texans who follow the bubble music of a hard-to-stop hound dog across the Southern Plains to rescue white youngsters from renegade Apaches.

City Plagued by Many Grass Fires

Grass fires continue to plague the Hamlin Volunteer Fire Department as they were called out on Sunday and Monday afternoons for grass fires in East Hamlin.

The department announced last week that more volunteers were needed but there has been no response. The department usually maintains a force of 30 men. At this time there are only 22 firemen. Five members have retired during the past year.

A spokesman for the organization said they needed to have at least eight good volunteers to round out the force. They need to be residents of the city and be 21 years of age or older.

The department meets every Thursday evening for a training session. Anyone interested may contact Fire Chief C. L. White or any member of the department.

Church of Christ Gospel Meeting Ends Friday

JIMMY INZER TAKES JAYCEE MINIATURE GOLF TOURNAMENT

There was plenty of suspense for both players and spectators Saturday night at the Hamlin Jaycee Miniature Golf Course as the final round of the club's first annual tournament was played off. Several of the matches were decided on the final 27th hole and one match went three extra holes.

The championship flight was even up going into the 27th hole as Jimmy Inzer two putted the final hole to down Mark Smith who took a three on the hole.

In the first flight Bob Craig defeated Larry McCoy 8-7 as the two halved the final hole.

In the second flight Guy Weaver took Bill Early out on the third extra hole. Early led by three going into the last three holes only to see Weaver take all three holes to tie the match up. The two halved the first two extra holes and then Weaver took the water hazard hole in one sock to take Early out of the match.

Bill Johnson defeated Carolyn Franklin to win the third flight first place trophy.

The two day tourney drew 32 entries and was played off in four eight-man flights with trophies going to the first, second and consolation winners.

SURE HANDS OF THE SURGEON

A child walks... an arm is straightened... a growth is removed... these and many other things are the result of the fine work of the surgeon. This is an occupation and a labor worthy of appreciation.

A star... a new born baby... the world itself... these and many other things reveal God to us. "The heavens declare the glory of God; and the firmament sheweth his handywork."

Psalm 19, 1

God has wrought a great work. Let us show our love and appreciation by worshipping him in Church each Sunday

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His command for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

By MRS. ELMER JOINER

Another hot, dry, week has passed, with cotton looking worse every day, in fact, some of it looks as if it is trying to crawl back into the ground to get out of this terrible heat every day. A good rain right now would do good but it is going to have to hurry or it will be too late. A good wheat and maize crop was made, so maybe we can stand the short cotton crop.

Not much has happened out this way this week, since last week was revival week, and most folks were busy catching up on their work again. In this heat, the best thing you can do is stay in the house where it is cool.

The Jones County Fair was held in Anson, Friday and Saturday of last week. This was the fifth one and is growing each year, if it were possible to have a cooler place for the women's exhibits, there would be more interest, but the building is so hot that people suffer just looking, they should spend 3 days inside it, but they have promised to try and relieve the situation some another year, so every body start planning on having something to exhibit.

Hamlin had two candidates for queen contest Friday night. Kay Johnson, daughter of Mr. and Mrs. Lewis Johnson and Linda Goodwin, daughter of Mr. and Mrs. Woodrow Goodwin. Kay was one of the runner-ups, of which we Hamlin people are proud, but of course we ladies of the Friendship H. D. Club thought our candidate should have placed too, but better luck next time to her. We think Linda should have had some thing for her spunk, since she had surgery just one week from the contest, in fact she was still "all sewed up" when she participated, but she made it fine.

At least the Friendship club won a blue ribbon on their booth called "Unlabeled Poisons Found in the Home and Garden," which consoled us some.

Bruce and Barry Johnson, Amarillo, are spending the week with their grandparents, Mr. and Mrs. Winson Gray, while their parents are vacationing in Kansas City. Dorothy Gray, who is staying with them and attending beauty school, is also at home this week.

Mrs. Dave Herbst is having all of her houses out this way, repaired and painted.

Mr. Arthur Rutherford, Stamford, visited with Mr. and Mrs. Elmer Joiner, last Wednesday afternoon.

The H. L. Ford family got moved into their newly remodeled home last Thursday. We are all glad to have them in our community, since so many are moving away.

The pastor, Rev. and Mrs. Kenneth Leverett and girls, reported a nice vacation trip last week, going to Odessa, then on to Ruidosa, where they said the temperature was 49 one morning. That seems too good to be true to this reporter, after spending the time in that hot Fair building last week.

Mr. and Mrs. Robert Rhott visited with the Winson Grays Sunday afternoon.

We haven't heard from Mr. and Mrs. Henry, who are vacationing down Houston way, but we suppose they reached their destination safely. We know a lot of younger people that wouldn't dare try the Houston traffic, so we hope them good luck and a good time.

Mr. and Mrs. Joe Ford are to go this week to Truth or Consequences, New Mexico, to visit their youngest child, Mr. and Mrs. Doug Ford, and their new son.

Jeannie Joiner, Stamford, spent the week with her grand parents, Mr. and Mrs. Elmer Joiner, and attended the fair.

Last week this reporter was feeling down in the dumps, from hearing a sharp criticism of the Fairview News, when we received a card from some friends, who were former long time residents of Hamlin, saying how much they enjoyed reading about their friends and

when he'll just lose it?

A. PARKER won't let him lose

Now there's no excuse for not giving students a really
fine fountain pen.

And the Parker 45 is just that. Solid 14K gold point
that comes in seven widths, extra-fine to broad.

The 45 is "convertible," too. Load it with a car-
tridge, or slip in an ingenious converter and fill it
with an ink bottle. (Great for students who are afraid
of running out of ink during a tough exam.)

For only \$5 you get the pen, a giant cartridge, the

the free replacement offer applies only to pens
bought before Oct. 31, 1963.

HELEN DIERS AND SAM COX EXCHANGE VOWS SATURDAY

Helen Ruth Diers, daughter of Mr. and Mrs. E. H. Diers of Old Glory, and Samuel (Sam) McNeal Cox, son of Mr. and Mrs. B. L. Cox of Austin, were married in a double ring ceremony last Saturday evening at 6 o'clock in the Zion Lutheran Church with Rev. E. Pfing officiating.

Organ music was furnished by Christine Strobel and a duet was sung by Mrs. Herbert Vahlenkamp and Nancy Vahlenkamp.

Given in marriage by her father, the bride wore an original gown of white tulle with lace over satin. The fitted bodice was fastened up the back with tiny buttons. The sweetheart neckline was outlined with seed pearls. The sleeves were long and fitted. The back pleated skirt fell into chapel train.

Her elbow-length circular veil of silk illusion fell from a seed pearl tiara. She carried a cascade arrangement of white carnations.

Darlene Bachmeyer of Taylor was maid of honor, and bridesmaid was Joan Elaine Wienke of La Grange. Attendants were identical dresses of pink silk organza over tulle. The midriff dresses were street length with full skirts. They carried arrangements of white carnations. Head pieces were circular pieces of net on pink stand-up crowns.

Best man was Edgar Cox of Hale Center, brother of the groom. Groomsman Charles Diers of Old Glory also assisted his brother Stanley in ushering and lighting the candles.

The reception was held in the home of the bride's parents, Mr. and Mrs. E. H. Diers. Mrs. Carl Driesow greeted the guests at the door. Martha

Neumann and Catherine Erdman registered the guests. Serving cake and punch were Donnie Sawyers and Sharon Leverett.

The bride graduated from Old Glory High School and has attended college two years, one at Concordia in Austin and one at Southwest Texas State at San Marcos. The bridegroom is a graduate of Travis High School in Austin. He is employed by the city of Austin and the couple will reside there following a wedding trip to Fort Worth.

For a going away costume the bride wore a salmon pink butler linen suit of original design. Her picture hat was of matching color. Shoes and bag were white patent and gloves were white. Her corsage was white carnations lifted from her bridal bouquet.

The rehearsal dinner was hosted Saturday at noon by the B. L. Coxes of Austin at the home of the bride's parents, Mr. and Mrs. E. H. Diers, at Old Glory.

Out of town guests attending the wedding were Mr. and Mrs. Wayne Whitehead of Lockney, Mr. and Mrs. M. Beckmeyer of Taylor, Mr. and Mrs. M. C. Wienke and family, David Brown of La Grange, Mr. and Mrs. Dalton Paschal and sons of Austin, Mr. and Mrs. R. L. VanTrump and children of Fort Worth, Mr. and Mrs. Edgar Diers and sons of Lubbock, Fritz Hartkopf of Austin and Florence Erdman of Amarillo.

Mrs. Hilburn Hosts McBride Circle Sunset Baptist

The McBride Circle of the W. S. C. S. of the First Methodist Church met Tuesday morning in the parlor of the church. Mrs. Jerry Hilburn was hostess, and Mrs. Judy Allen was the guest.

Mrs. Bill Davis chairman urged all members to be present for the general luncheon September 10.

Mrs. Carlton Willingham was in charge of the program entitled "Seven Reasons Why a Scientist Believes in God."

The meeting was dismissed with a prayer by Mrs. W. A. Hawkins.

Nine Members Attend Vaughan Circle Meeting

Nine members of the Vaughan Circle of the First Methodist Church W. S. C. S. met in the home of Mrs. Fred Carpenter Monday.

Circle chairman, Mrs. Jack Vaughan, presided over the business session. Mrs. V. V. Anderson opened the meeting with a prayer.

Mrs. M. L. Hudson was in charge of the program which was titled, "Lord Teach Us to Pray."

Refreshments were served.

WMA Women Meet for Social

The ladies of the W.M.A. of Sunset Baptist Church met Friday night in the home of Mrs. Robert McLellan for a social. Opening prayer was given by Vee Shipman, and the

NOSEY NEIGHBOR...

Mrs. Louis Boyd visited in Dallas with her sister who nurses at Baylor Hospital. They were joined by two

brothers, Si Williams and wife of Hugo, Okla., and R. B. Williams and wife of Greenville. The other sister, Mrs. H. S. Porterfield of Chillicothe, was unable to attend because of an invalid husband.

Mr. and Mrs. Joe Koch and Jimmie of Riverside, Calif., Frances Bailey of Paris and Mr. and Mrs. Leslie Cole and

devotional was given by Norma McLellan. Jo Embrey said the closing prayer.

Games were played. Refreshments were served to Vee Shipman, Billy Tuder, Faye Hart, Viola Aills, Jo Embrey, Carlee Pope, Thelma Smith and Norma McLellan.

Next meeting they will meet with Viola Aills.

Mary Leslie of Abilene visited with their mother and grandmother, Mrs. Ed Bailey, for 10 days.

Mrs. A. A. Hackley spent the weekend in Dallas with Mrs. Martha Mills.

Lenda Kennedy, daughter of Mr. and Mrs. R. E. Kennedy of Abilene, visited this week with Mr. and Mrs. Bob Craig and family.

Visitors in the home of Mr. and Mrs. Virgil Steele last week were Mr. and Mrs. Morris Glass and Lois Glass of Las Vegas, Nev., Tommie Sue Glass, Mrs. W. A. Stephenson, both of Abilene, Miss Jewell Davison of Dellflower, Calif., Dr. and Mrs. D. J. Cauthen, Richmond, Va., Dr. Cauthen's mother of Lufkin, Dr. W. B. Glass of Fort Worth, Rev. and Mrs. Edwin Peeples, Mr. and Mrs. R. B. Hennington, all of McCaulley and Mrs. Etta Bond

of Hamlin.

Darrell Craig returned home Thursday after spending a week with his grandparents, Mr. and Mrs. J. P. Fincher, of Albany.

Mrs. M. C. Overton III, Dana and Cathy of Garveston visited her parents, Mr. and Mrs. L. E. Rector of McCaulley. They all visited with Dr. and Mrs. M. C. Overton Jr. in Pampa over the weekend.

The staff at the Hamlin Herald seemed to have really messed up the Hamlin Riding Club's story about family night last week. It seems that we owe an apology to Brenda Dalby for not giving her credit for winning the barrel race. We give the credit to a Mrs. Fred Dalley, a non-existent person, as far as we know. Also Mitzi Hunter was the second place winner in the six and under stick horse race.

The first barbed wire was made in 1873 by Joseph F. Glidden of DeKalb, Illinois.

BIRTHS

Mr. and Mrs. Ben Gonzales of Route 2 are the parents of a baby boy born August 20. He weighed 8 lb. 13 oz. and was named John. They have six other children. Maternal grandparents are Mr. and Mrs. Simon Barrera and the paternal grandfather is Mr. A. Y. Gonzales of Hamlin.

Mr. and Mrs. Franklin Whitley of Hamlin are parents of a baby girl born August 21. She weighed 8 lb. 12 oz. and was named Malisa Lee. They have a boy named Anthony Longoria.

Maternal grandparents are Frank Wiley and Lillie Mae Garcia of Houston and the paternal grandparents are Mr. and Mrs. W. B. Whitley of Stamford.

\$5,000 Damages Asked from Fall

A fall on a wet floor was cause of a back injury it is

alleged in a suit for damages filed this week in 104th District Court at Anson. Mrs. Martin Sosa, in the petition filed by her husband is asking \$5,000 damages as the result of the fall.

Mrs. Sosa was employed at Clearspan Farms near Anson when she slipped and fell on a wet floor, caused, she claims, by a leaky egg-washer.

DPS WARNS SLOW DRIVERS ABOUT NEW STATE SPEED LAW

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said today the new speed law effective August 23 specifically makes it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver impeding traffic to speed up or get off the road before filing a charge.

"Under the new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic and thereby impeding that traffic, he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law official bodies having jurisdiction over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the

Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said. "Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 MPH in daytime and 65 MPH at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver to operate his vehicle "reasonably and prudently" at all times, regardless of the posted limits, he said.

"We repeat that serious problems may develop with the new speed law unless the driving public accepts and applies them with a high degree of responsibility to themselves, their families and others."

FEDERAL CROP INSURANCE CARRYING HIGHEST PROTECTION

Federal Crop Insurance Carries Highest Protection in 25-year History:

With the 1963 crop year well under way, a record total of more than \$470 million of farm crop production investments is protected by Federal Crop Insurance, the U. S. Department of Agriculture announced today.

"Although the sales period for citrus in Florida and oranges and raisins in California has not yet ended, this \$470 million of protection is already the highest in the 25-year history of Federal Crop Insurance," reported Manager John N. Luft of the Federal Crop Insurance Corporation.

Acreage and number of crops protected by Federal Crop Insurance has risen sharply this year. Over 420,000 crops on 13 million acres are now insured against production cost losses from natural hazards, Mr. Luft said. This is 57,000 crops and nearly 3.5 million acres above 1962 crop year.

The \$470 million of protection represents a 30 per cent increase over the 1962 figure of \$358 million. This is the

second straight year of better than 30 per cent increase in farm production expense protection, a total of \$200 million increase in the two years since the Crop Insurance service changed from an experimental to an action program of the U. S. Department of Agriculture.

"As Crop Insurance expands by its legislative limit of 100 counties and three new crops a year," Mr. Luft said, "and as improved management, program training, and information practices begin to take effect, we expect to increase this basic protection to a billion dollars within the next five years."

Federal Crop Insurance, now protecting farmers in 1,096 counties in 38 States, will make its service available in 100 more counties for the 1964 crop year. Names of these counties and the crop programs offered are now being announced. In counties where winter wheat is grown, Crop Insurance salesmen are now taking applications, Mr. Luft stated.

Federal Crop Insurance is a voluntary, self-help service offering the farmer protection of his crop investment against loss from all natural hazards to most of the 20 crops on which the insurance is available. Some specialty crops — such as citrus, raisins, cherries and peaches — are insured only from particular causes such as freeze and wind damage. The service operates like any other insurance plan, with farmers paying yearly premiums based on local crop production and loss history and with payments for loss being paid from this premium fund.

"This means," explained Mr. Luft, "that the premium payment of a Kansas wheat farmer who had a good crop went to help pay for the crop investment lost by a Florida citrus grower whose grove was damaged by freeze. In other years, the procedure may be reversed, with money from citrus premiums going to a drought-stricken area in Kansas."

'Savage Sam'

Opens at Rogue

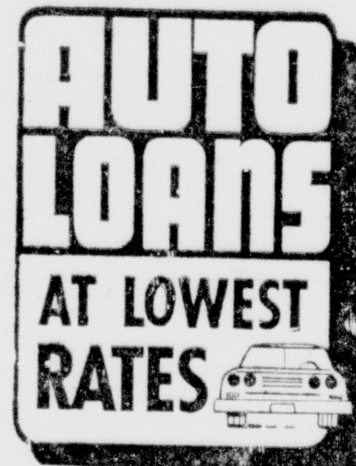

In "Savage Sam," the fast moving story of a blue tick hound dog and a crew of relentless Indian hunters, Walt

Disney has his best feature motion picture in the high-action field to date, excelling anything he has done before with the possible but unlikely exception of this story's predecessor, "Old Yeller."

Both pictures are based on best-selling novels by Fred Gipson.

"Savage Sam" boasts a top, hard-riding cast that includes Brian Keith, Tommy Kirk, Kevin Corcoran and Dewey Martin, plus a comely newcomer distaff side, 18-year-old Marta Kristen.

Filmed almost entirely on location in California's San Fernando Valley, the tale is about six rugged Texans who follow the bubble music of a hard-to-stop hound dog across the Southern Plains to rescue white youngsters from renegade Apaches.
